

A watercolor illustration of a lush tropical garden. On the left, there are branches with green leaves, yellow lemons, and clusters of red and pink flowers. A small pink butterfly is near the top left. In the center, the text 'RAIN DANCE' is prominently displayed. Below it, the tagline 'Nature's Time' is written in a cursive font. Further down, the text 'Up to 100% Organic Origin Ingredients Biodegradable Vegan' is centered. At the bottom, the brand name 'artēxo' is shown with a small brown square above the 'ē', and 'CARE FOR BEAUTY' is written in small capital letters below it. On the right side, there is a large green palm frond, a pink rose, and a dragonfly. At the bottom right, a white crane stands next to a pink rose. In the bottom center, a small blue hummingbird is flying towards a purple flower. The background is a soft, light blue and green wash.

CARE FOR BEAUTY

It's not just a treatment.
It's a return.
*To the Water, to the Earth
to the origin.*

RAIN DANCE

Nature's Time

The Ritual, the Purity, the Power of Water

Everything begins with Water: which drop gave life to the blade of grass that dared to rise from barren soil? We too come from there: immersed, weightless, protected, surrounded by muffled sounds, we grow, and finally we are born into the world.

RAIN DANCE is not just a treatment. It is a return to the Water. To the Earth, to our origin. Water is the primordial element that purifies, nourishes, and regenerates all forms of life. It is the gift we never stop seeking, the custodian of something ancestral and magical.

Since ancient times, we have invoked its strength: the Rain that restores life to the desert, the one that hides behind clouds before returning, the one we long for and summon in a dance – part of an eternal cycle renewed with every drop.

Every drop holds the power of transformation. Just as rain quenches the earth and prepares it to flourish, RAIN DANCE accompanies hair and skin on a journey of natural regeneration. It is a ritual that blends science and Nature, tradition and innovation, transforming pure natural ingredients into living essences that restore strength, light, and energy.

RAIN DANCE is more than visible Beauty: it embodies the alchemical result of total well-being, bringing balance and harmony to the body and to the mind.

Inspired by the magic of rain, RAIN DANCE was created with water and plants as unique and essential elements for the lively growth of hair, for its health and Beauty.

Imagine caring for rare and precious plants in a greenhouse: they rely on your dedication to grow, and in return, with their lush vitality, they give back the value of the passion and Care you devote to them. It's the circular sense of well-being: what we give always comes back to us.

RAIN DANCE is a path that offers complete well-being and tangible, lasting results. Hair regains strength, shine, and balance, with immediate benefits that consolidate over time.

RAIN DANCE

Nature's Time

is an invitation to return to Nature,
to its rhythms, to its scents.

An **ALCHEMICAL** ritual
that, through
RENAISSANCE and **OASIS**
acts on the concerns of hair, scalp, and skin.

Mixable natural treatments,
to recreate well-being inside and outside.

A reconnection Ritual
that goes beyond treatment:
It embraces the person in their entirety,
not taking from Nature, but restoring its value.

An Alchemical Ritual

RAIN DANCE

Nature's Time

RENAISSANCE

Botanical Rebirth

RENAISSANCE is rebirth: a detoxifying journey that frees scalp and hair from oppressive impurities and restores lightness, breath, and essential well-being.

Its rituals, enriched with natural extracts from roots, leaves, and flowers, penetrate deeply to purify, rebalance and prepare the skin and hair fibre for renewed vitality.

It is more than cleansing: it is a true regenerative act that restores harmony. The professional's gestures, combined with the power of natural actives, become part of a ritual that awakens the scalp, rebalances the microbiota, and leaves hair stronger, more elastic, and luminous.

Fresh and enveloping aromas accompany the sensorial experience, carrying the senses into a rain-kissed garden, where every drop is a promise of new life.

With **RENAISSANCE**, scalp and hair rediscover purity, energy, and breath, ready to blossom into authentic Beauty.

RAIN DANCE

Nature's Time

OASIS

Botanical Embrace

OASIS is a luminous refuge, a symbolic place of regeneration and deep nourishment. Its rituals are designed to restore vitality, well-being, and longevity to scalp, hair, and skin, nourishing them with the perfect balance of natural ingredients and scientific innovation. Each treatment is an alchemical gesture that works in harmony with breath, skin, and hair fibre.

Rich and enveloping textures give body and softness, while fragrances of flowers, fruits, and spices stimulate and guide the senses through an intimate and regenerating journey.

OASIS embodies joy and vitality, revealed through visible and lasting results: stronger, shinier, and softer hair; nourished and velvety skin; and well-being that arises from within and radiates outward.

It is the regenerating pause that becomes an experience of authentic Beauty, where time slows down and the Salon client finds a place of Care and harmony.

THE MARKET

Every day, Salon clients face conditions that challenge the health of their hair, scalp, and skin. Not only pollution and heavy metals, but also stress, fatigue, climate changes, constant exposure to electronic devices, unbalanced diet, and aggressive cosmetic treatments all undermine their natural balance and vitality. This results in fragile, weakened hair with reduced resilience and a sensitive scalp. In this scenario, the role of the professional becomes essential: to provide concrete, personalized, and immediate solutions.

RAIN DANCE meets these needs with a **system of products and rituals** that restore balance, vitality, and complete well-being. An invitation to return to Nature and its rhythms, through treatments that combine advanced formulations, professional touch, and personalized Care in the Salon.

“Nature does not hurry, yet everything is accomplished.” Lao Tzu

PHYTO-TECHNOLOGY

At the heart of the line is Phyto-Technology, a system that unites Nature and science in a professional and ethical vision. Every formula is the result of a rigorous design, where roots, leaves, flowers, and fruits selected for their purifying, antioxidant, and regenerating power meet cosmetic and trichological innovation that amplifies the results. Formulas are developed with dermo-compatible pH values that preserve the scalp's microbiota and guarantee optimal absorption of active ingredients. They are gluten-free, 100% vegan, created with natural and biodegradable ingredients, and tested to ensure dermatological safety and proven effectiveness. Many products are leave-in, requiring no rinsing, thus reducing environmental impact while honoring and preserving Water as a precious resource.

With **RAIN DANCE**, every treatment becomes part of a holistic project: not just Care for hair fibre and scalp, but an **alchemical system** that unites Nature and science, professionalism and passion, respect and Beauty.

TAKE CARE

'Take Care' is our essence. Every **RAIN DANCE** formula is designed as a gesture of Care for people and the environment: up to 100% natural origin and biodegradable, vegan, gluten-free, and free from sensitizing or aggressive substances. Textures are created to be pleasant to the touch and are enriched with natural aromas and essential oils that restore energy, vigor, and serenity. Many products are designed as leave-in, reducing daily water consumption without compromising effectiveness or professional results.

Every detail has been perfected by our specialists to provide salons with tools that go beyond cosmetics: rituals that restore well-being to body and mind, turning each treatment into a truly sensorial experience.

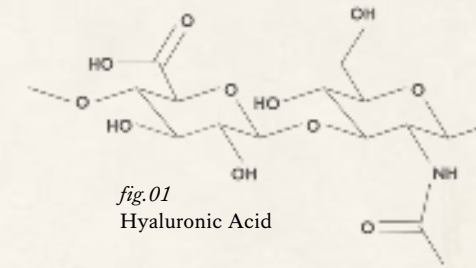

FORMULATIVE TRANSPARENCY

For us, transparency is an ethical value, even before being a technical one. Few companies choose to communicate with transparency the true percentages of natural origin and biodegradability in their formulas: we do, because we believe trust begins with truth.

Every **RAIN DANCE** product clearly indicates its exact percentage of natural origin and biodegradability, with certified data that demonstrate a constant and concrete commitment to our customers. The entire line is **VEGANOK®** certified and dermatologically tested, gluten-free, and packaged with post-consumer recycled and recyclable materials.

This transparency reflects who we are: professionals who go beyond cosmetics, shaping responsible Beauty projects that unite ethics, Care, and tangible results.

With **RAIN DANCE** we aim to provide hairstylists with reliable, safe tools, and clients with an experience of total, authentic, and lasting well-being.

An Alchemical Ritual that, through Renaissance and Oasis adapts to the needs of hair, scalp, and skin.

COMFORT AND BALANCE

Wellness treatments that soothe, purify, and restore harmony to scalp and hair

The **COMFORT AND BALANCE** treatments are designed to rebalance, soothe, and purify the scalp and skin, restoring a sense of harmony and well-being. Targeted formulas act gently, counteracting impurities, excess sebum, and skin discomfort to promote a natural and lasting balance.

NORMALIZING BATH cleanses and rebalances the scalp prone to seborrhea, itching, or dandruff, leaving it light and clean. **PURITY BATH** purifies and detoxifies scalp and skin, protecting them from external aggressors and helping prevent blemishes; it also proves particularly effective as a multifunctional treatment for men's routines or post-epilation care. **BALANCE ELIXIR** completes the treatments with an intensive action: thanks to its micropeeling and detoxifying effect, it brightens and purifies scalp and skin, supporting skincare routines and helping visibly improve skin texture.

The strength of this family lies in its rebalancing and purifying action, which — thanks to the synergy of specific functional actives — helps counteract blemishes and impurities while soothing and regenerating scalp and skin. The **COMFORT AND BALANCE** treatments thus become an ideal path to restore freshness, harmony, and everyday well-being.

MOISTURE AND STRENGTH

Treatments that restore body, hydration, and strength, giving hair radiance and vitality

The **MOISTURE AND STRENGTH** treatments are designed to provide hydration, body, and strength for fragile or dehydrated hair, restoring radiance and vitality to the hair fibre. The targeted formulas reinforce structure, protect against oxidative damage, and promote long-lasting resilience, turning daily care into a complete wellness journey.

REJUVENATING SHAMPOO cleanses, replumps, and revitalizes hair while protecting it from free radicals and oxidative stress.

PHYTO_CLEANSE FOAM, with its soothing and multifunctional action, purifies sensitive scalp and skin, offering freshness and daily protection. **RADIANCE CONDITIONER** hydrates and invigorates, counteracting oxidative stress and strengthening the fibre, while **REJUVENATING MASK** works in depth to nourish, repair, and create a barrier that locks in moisture. Completing the treatments, **PRESTIGIOUS OIL** adds softness and silkiness to hair and skin, protecting and enhancing them with a delicate radiance.

Particularly valuable is **K_REPAIR**, a targeted treatment for treated and weakened hair: enriched with peptides, it reinforces the internal structure of the fibre, adds elasticity and body, and reduces breakage, restoring strength and resilience.

The **MOISTURE AND STRENGTH** treatments thus ensure lasting hydration, body, and strength, reviving fragile and weakened hair with renewed vitality and resistance.

PROFESSIONAL TIPS

During leave-on time, use a warm, damp turban or moist heat to enhance the penetration of active ingredients.
Enrich the cabin/salon with purifying plants (e.g., ferns, aloe vera) to visually reinforce the detox concept.
Keep order and surfaces spotless: the environment should communicate “detox” as much as the treatment itself.

PROFESSIONAL TIPS

Always propose a skin service alongside any hair treatment for an integrated well-being approach.
Create a small post-treatment makeup corner, or invite the client to bring her own products.
Set a soft environment with relaxing music, chromotherapy, and natural plants to improve oxygenation and visual comfort.
Mind hygiene: always use disposable tools and keep personal presentation impeccable (warm hands, short nails, professional attire).
